

SCIENCE

& SPIRIT(S)

Friday, October 4, 10:30 a.m. - 12:00 p.m.

Location: Worthington Renaissance, Fort Worth, Texas. Room: West Fork 1 and 2

Complimentary appetizers and drinks with free Notre Dame giveaways

Enjoy fun "TED-style" talks to learn how Notre Dame is tackling the big science questions of today.

"When Nature Bites Back: Solving the Budget-Busting Invasive Species Epidemic"

Prof. David Lodge

"Embryonic Development:

Going From This to That"

Prof. Norman Dovichi

"A Medical Revolution in the Making: Adult Stem Cells"

Prof. Rebecca Wingert

"The Ultimate Fate of Our Universe: The God Particle"

Prof. Chris Kolda

Enjoy "Texas-style" appetizers and "Irish-style" coffee with the College of Science dean, faculty, and students.

Please contact Sean Kassen at skassen@nd.edu for additional information.

This is a family-friendly event

and will be a lot of fun for your kids!

Join us for interactive undergraduate student demonstrations.

No need to steal a Pot of Gold. Create your own from the loose change in your pocket.

You have jerseys, shirts, hats, and flags. However, you are not a true Fighting Irish fan until you add some DNA to your swag.

Who will you be when you grow up? A caterpillar will become a butterfly. Will you become part of the Fighting Irish?
